Several students at CUNY's Macaulay Honors College have recently received scholarships in light of their outstanding academic achievements.

Several students at CUNY's Macaulay Honors College have recently received scholarships in light of their outstanding academic achievements.

d scholarships in light of their ou

Those students include Tamar Lichten, a junior at Queens College, and Ellianna Schwab, a sophomore at City College, who both received a Barry Goldwater Scholarship and Excellence in Education Program, Macaulay said in a press release. The scholarship awards one-and-two year grants to undergraduates with the potential to make significant contributions in science, technology, engineering and mathematics.
