Macaulay Honors College at The City University of New York is proud to announce that Five Towns resident Tamar Lichter (Queens College) has received a prestigious Barry Goldwater Scholarship. The Barry Goldwater Scholarship and Excellence in Education Program awards one-and-two year grants to undergraduates who have the potential to make significant contributions to their fields in undergraduate study in science, technology, engineering and mathematics.

Lichter, who is a mathematics major, wants to pursue a Ph.D. in mathematics and to conduct research and teach at the university level. “I am quite excited to have won,” said Lichter. “I love math research, and winning the Goldwater was a great vote of confidence that I’ll have what it takes to pursue a research career.”

The Barry Goldwater Scholarship and Excellence in Education was established by Congress in 1986 to honor Senator Barry Goldwater, who served his country for 56 years as a soldier and statesman, including 30 years of service in the U.S. Senate.
