

BUILDING A THRIVING COMMUNITY: THE COLLABORATIVE WELLNESS PROJECT AT MACAULAY

January 18, 2024

GENESIS OF THE PROJECT

- Community survey
- Strategic plan
- Post pandemic needs
- Best practices

WHY WE NEED YOU!

Benefits of Co-Created Programming

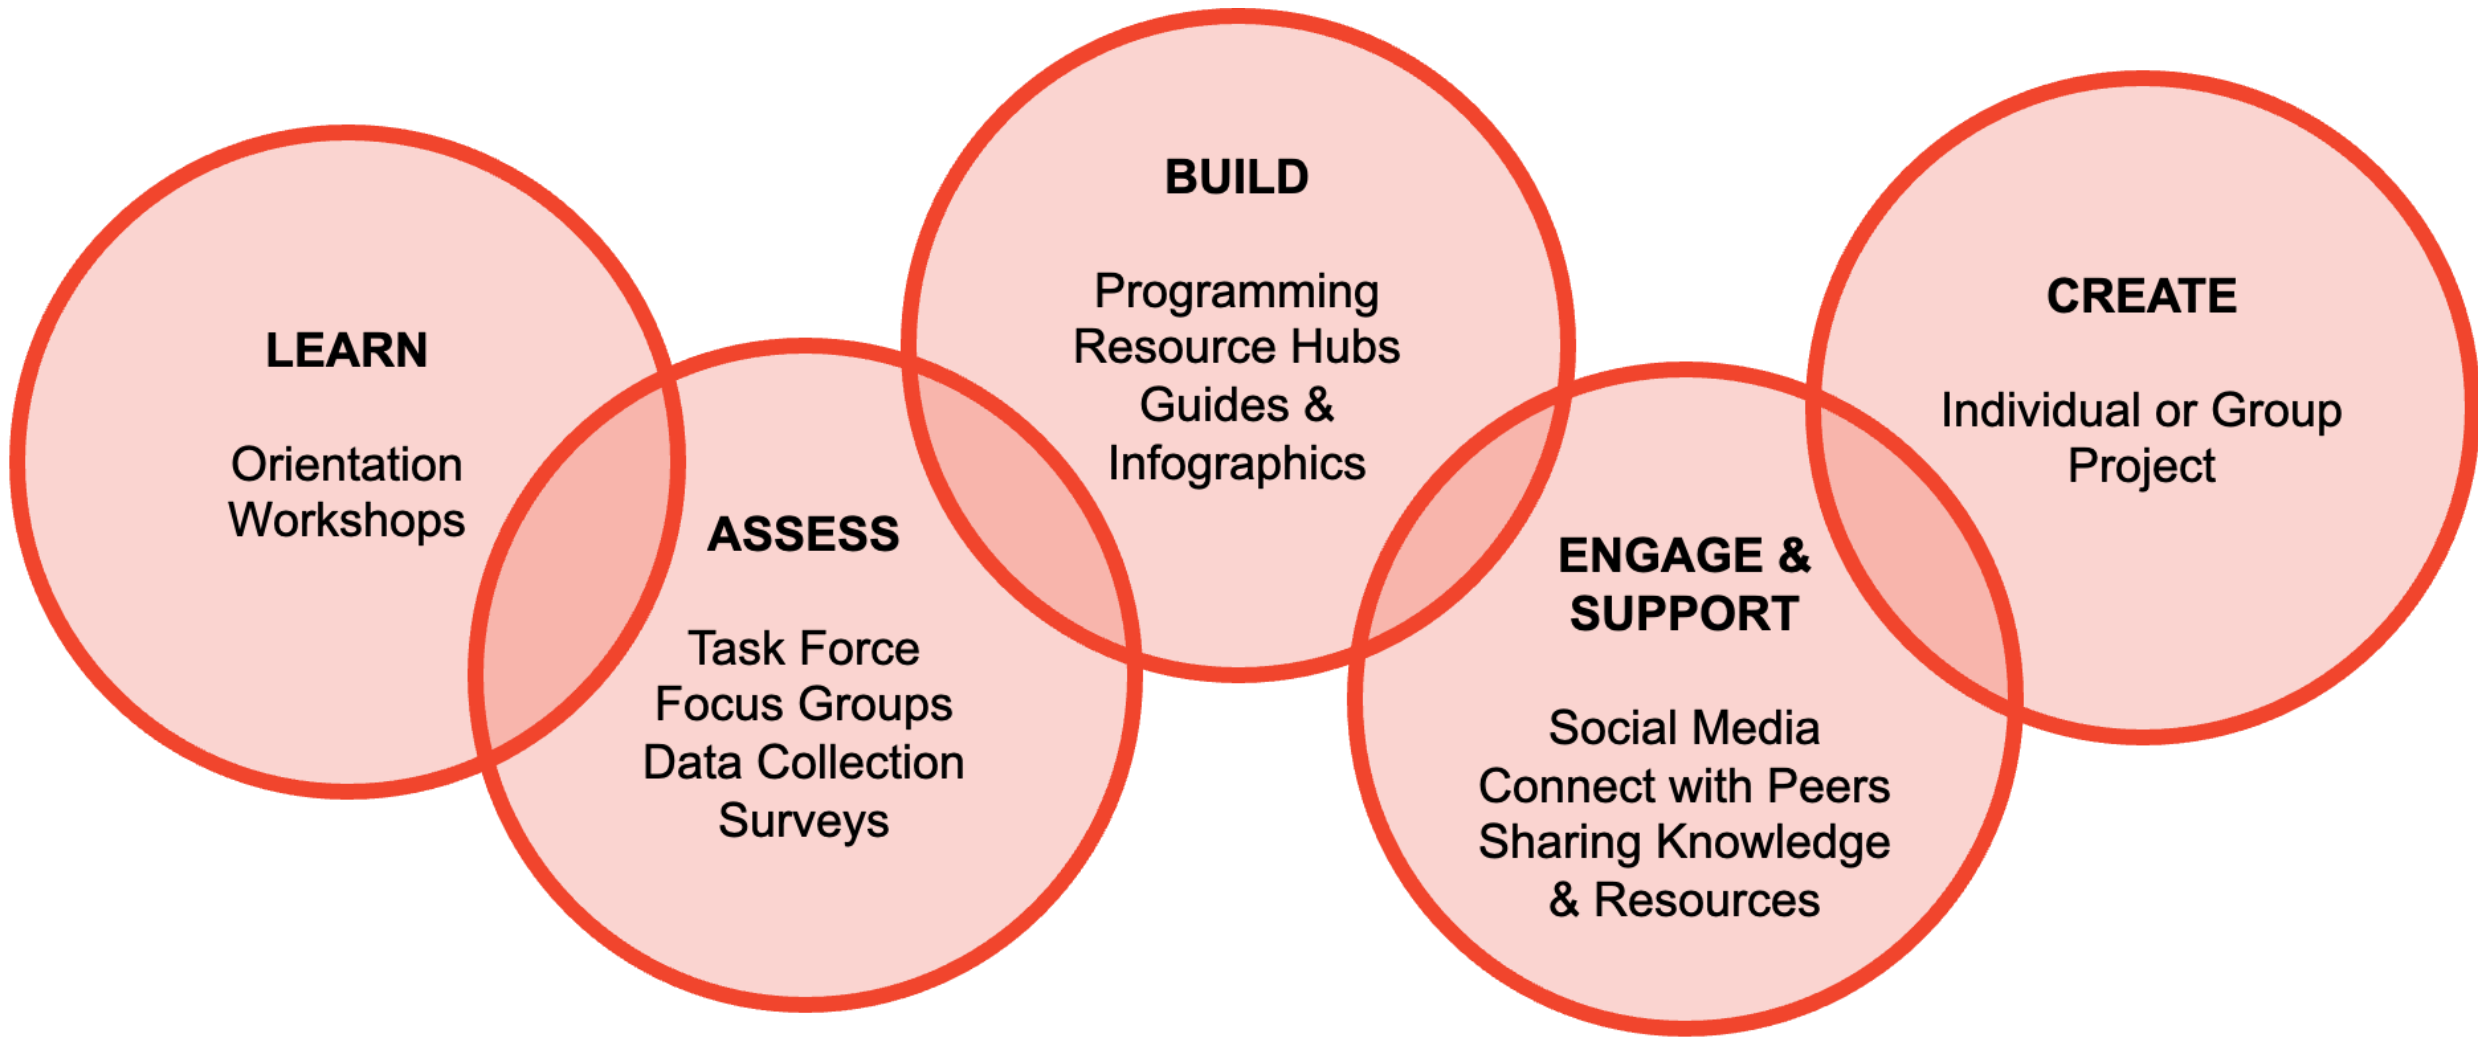

- More reflective of community needs
- Increased engagement/use of services
- Diversity of perspectives/more inclusive

OPPORTUNITY

16 students will receive a \$1250 stipend for Spring 2024, with an expected average workload of 6-8 hours per week

- Hybrid Format – in-person and virtual
- *Scheduled work*: orientation, cohort meetings and workshops, task force meetings, project meetings as needed
- *Asynchronous work*: research for the wellness assessment, programming and resource development, individual or group semester project of choice
